That sounds fine. I assume you're planning to send the inspection reports (when final)? Let us know if they need anything else.

Subject: AK Steel

Ohio offered to take our evidence for the offtake and charging violations and issue an Ohio NOV. I think our leaders would want that, and it is encouraging that Hamco would be involved and that the last Ohio Order to the AK Steel- Steel side was much better than DOJ could do.

Let me know your thoughts,
